Directions to the Biomedical Science Tower (BST)

You can walk through the Presby ER breezeway, to Lothrop Street. Make a right turn and go up the hill (it is very steep), but you only have to go up a very short distance. There are a couple of steps right by the entrance (Sign says Eye & Ear Institute and Biomedical Science Tower). This will take you to the lobby of the BST. Head right across the lobby to the elevators (near the security guard desk) to the 12th floor and follow the signs to the conference room (room 1295).
